California Complete Count Census 2020
U.S. Census Bureau
Census 2020 Goal

Ensure that everyone is counted once, only once, and in the right place.

California Complete Count Mission

Ensure that Californians get their fair share of Federal resources and Congressional representation by encouraging the full participation of all Californians in Census 2020.
What’s at Stake?

**POWER!**

Congressional Representation, Reapportionment and Redistricting

- 1990 undercount was estimated to cost California one additional congressional seat and $2.2B in federal funding
- California receives $BILLIONS each year for schools, crime prevention, healthcare and transportation

**MONEY!**

Over $675 BILLION annually
Roles and Partnerships

- United States Census Bureau
- State of California
- California Legislature
- Local Government
  - Local Complete Count Committees
    - Formed at the local and community levels
    - Established by county and city governments, community leaders, and volunteers
    - Plan and execute local/regional outreach plans
- Tribal Government
- Regional ACBOs and Statewide CBOs
- Media

2020CENSUS.GOV
Challenges and Opportunities

- First Digital Census - Online Self Response
- Citizenship Question
- Federal Funding, Priorities and Federal Climate Shift
- Diverse Population - Hard to Count & Low Responding
- Engaged Foundations & Local Jurisdictions
Role of the State

- Create and communicate the Statewide strategy for census outreach
- Identify gaps, develop necessary tools, disseminate best practices
- Coordinate the overall mobilization of funding
California leaders have invested $100.3 million toward a statewide outreach and communication campaign.

Governor Newsom’s 2019-20 proposed Budget includes an additional $54 million to bolster the State’s efforts.

In total this is a proposed $154.3 million investment for the 2020 Census.

California’s Interactive HTC Map

The interactive map shows California census tracts and block groups shaded by their California Hard-to-Count Index, a metric that incorporates 14 variables correlated with an area being difficult to enumerate.

Pan the map to examine a community. Click on a tract to learn about an area. Zoom in to see block group-level data.

Statewide Outreach and Rapid Deployment (SwORD)

California Complete Count Census 2020
What is SwORD?

- Mapping and data platform developed with spatial software company Esri
- Data sharing, coordination, and collaboration
- Map Creator, Outreach Planning, ready-made interactive maps on specific subjects
- All skill levels
- Continuing to improve and enhance
- Census Bureau response rate data
Types of data available

- California Hard-to-Count Index
- Detailed non-English language data at multiple levels of geography
- Different hard-to-count attributes: young children, foreign-born
- Schools, Title I, Title III counts
- Libraries and other “community anchor institutions”
- Make your own data
How partners can use SwORD

- Identify areas to target with California Hard-to-Count Index.
- Identify leading hard-to-count factors
- Overlay with language data or other layers
- Incorporate your own data
- Structured Planning tool within Map Creator
- Outreach Reporting form
- Views can quickly be shared to other users in region
- Document Implementation Plans
Why we want your data

- Prevent gaps
- County, region and state-level dashboards
- Share best practices
- Metrics for success
- Accountability and transparency
- Impact of state, foundations, volunteers.
- Look ahead to 2030

Hard-to-Count Characteristics
The California Hard-to-Count (CA-HTC) Index is based on multiple demographic, housing and socioeconomic variables correlated with an area being difficult to enumerate. Census tracts with higher indexes are likely to be places that will pose significant challenges to enumerate in 2020.

Percent of Total Housing Units:
- That are vacant (includes seasonal): 6.2%
- With 3 or more units in a multi-unit structure: 28.1%

California Hard-to-Count Characteristics
- Median CA-HTC Index all census tracts: 40.5
- Estimated Total Population in Census Tracts with above median CA-HTC: 156,572
- Leading CA-HTC characteristics in those areas: Unemployed; Non-high school graduates; Households receiving public assistance

Top 5 CA-HTC Census Tracts in Place

Census Tract 305.03:
- Total Population: 3,554
- CA-HTC Index: 107.0
- Leading Hard-to-Count Reasons:
  - Crowded units
  - Vacant housing units
  - Renter-occupied units

Census Tract 303:
- Total Population: 4,286
- CA-HTC Index: 95.0
- Leading Hard-to-Count Reasons:
  - Renter-occupied units
  - Non-family households
  - Moved recently

Census Tract 467:
- Total Population: 4,392
- CA-HTC Index: 92.0
- Leading Hard-to-Count Reasons:
  - Vacant housing units

Ensuring a Complete Count in 2020
Connecting the Hard to Count Communities to Broadband
WHO WE ARE?

United Ways of California improves the health, education and financial results for low-income children and families by enhancing and coordinating the advocacy and community impact work of California’s United Ways. Across the state we have 31 United Ways.

In Region 7 we have the following United Ways:
- United Ways of Inland Empire
- United Ways of Inland Valleys
- United Way of Corona-Norco
- Arrowhead United Way
- United Way of The Desert
BUILDING ON THE WORK WE HAVE BEEN DOING

Access to the Internet is essential in everyday life, almost akin to running water and electricity. Unfortunately, low-income households, and especially people of color, are least likely to have high-speed Internet at home. That’s why connecting hard to count communities to broadband at home is an essential part of getting a complete count during the 2020 Census. This will allow us to make sure individuals are ready and able to be counted!

WE CANNOT DO IT ALONE
HARNESSING THE POWER OF OUR NETWORK

• Local United Ways
• Partner Nonprofit Organizations
• 2-1-1 Help Line
Key Points

- Connecting the hard to count population is the easiest way for these individuals to participate in the Census and remain anonymous (important for the immigrant community).

- Getting people to take action requires several touches. Educations, follow-up and reminders.

- Using our digital platform we can communicate w/ individuals via text and e-mails to get them targeted messages. Even if someone doesn’t qualify for internet service we can make sure they know when and how to participate in the Census.

- We can build surveys to get information and feedback from past clients so we can continue to tailor our messaging and strategy.

- Our horizontal integration of services approach allows us to reach out to past clients (example Free Tax Prep Services & CalEITC).

- We work in collaboration and part of that is referring people to partner organizations who specialize in the specific issue an individual might have questions about (example: immigration status and the Census).
Meeting People Where

COORDINATED EFFORT HAPPENING SIMULTANEOUSLY ACROSS DIGITAL PLATFORMS THROUGHOUT OUR NETWORK

• Facebook & Instagram through organic post & targeted advertising
• SMS Texting to list of 30K past clients
• E-mail list of 7,000 past clients

United Ways of California
WHO IS ELIGIBLE FOR LOW-COST INTERNET?

• Families that receive Cal-Fresh food assistance (SNAP)
• If any member of the household participates in the Medi-Cal Program.
• Families that have children who receive free or reduced-price school lunch.
• Seniors over the age of 65 who receive Supplemental Security Income (SSI)

*Note: Individuals must live in areas served by Spectrum, Frontier, or AT&T. Eligibility requirements and speeds vary between service areas and companies.
Pre-Screening is Easy!

How can you connect a client to low-cost internet service?
Pre-screening is easy and can be done from a mobile device by texting in the word CONNECT to (213) 296-0312 and completing a few simple questions. If an individual qualifies she/he can set up an appointment to apply for low-cost internet service with the help of one of our coordinators. Interested individuals can also visit www.unitedwaysca.org/broadband.
BEYOND CENSUS 2020

Bridging the Digital Divide Among the Hard to Count Helps Build Equity

• Opens the door to resources and opportunities!
• Families can apply for government programs like Medical & CalFresh
• Adults can search for better jobs online & post their resumes
• Adults can pursue higher education by taking classes online
• Increases educational attainment for children living in these communities

The Coalition for Humane Immigrant Rights (CHIRLA) was founded in 1986 to achieve a just society fully inclusive of immigrants, in response to the Immigration Reform and Control Act (IRCA) of 1986 which made hiring undocumented workers illegal, thus creating a situation ripe for worker exploitation and abuse which have increased since that time.

We organize and serve individuals, institutions and coalitions to build power, transform public opinion, and change policies to achieve full human, civil and labor rights.
COALITION FOR HUMANE IMMIGRANT RIGHTS (CHIRLA)

- **Civic Engagement**: provides education for new and infrequent immigrant voters
- **Community Education**: CHIRLA educates immigrant workers and students to know their rights and to protect them; one-on-one instruction to Day Laborers and Household Workers; education for workers about worker rights and how to protect against wage theft and other worker rights violations.
- **Legal Services**: recognized by the Board of Immigration Appeals (BIA) to provide immigration legal services at low-cost; our department has helped thousands of individuals to become citizens, reunite with their families and apply to renew DACA.
• **Organizing Department:** using the principles of community organizing leadership development, strategies and tactics, CHIRLA coordinates actions across the state to win pro-immigrant policies that make a difference in the lives of our members.

• **Policy and Advocacy:** CHIRLA works in coalitions at the local, state and national level to win policies that improve the lives of immigrants.
HTC AREAS

According to the Census HTC 2020 Map, these are some of the hardest to reach areas. CHIRLA has offices in each of these regions:

- San Bernardino (2130 North Arrowhead, Suite 105 – A)
- High Desert
- Orange County
- Central Valley
- Los Angeles

Strategies for the Counties: Outreach and Media Services

Engaging with partners to collaborate on outreach activities
- Share information on activities and outreach activities
- Leveraging of current services (Information Services/Workforce Development/other departments)
- Gaps that can be addressed

Community Action Centers (QACs) and Community Assistance Kiosks (QAKs)
- Location of HTC areas, County staff that can be leveraged & determining gaps (mobile/training/specific languages targeted)

Media Campaign
- Focused messaging to HTC population using local ethnic media/non-English language material and local ethnic communication (radio, local TV, advertisements, etc.).
- Once State contractor hired, will be collaborating to ensure no duplication of efforts.

Language Access Plan
- Targeting Spanish, Chinese, Tagalog, Vietnamese, Korean, Arabic, and Mandarin using materials developed

State Contractors
- Collaborate on outreach to ensure no duplication of effort / share ideas.
