

In California, all kids count.

Children should be included on your 2020 Census form—and not just children related to you, but any kids that live at your address. That means your children, grandchildren, nieces, nephews, and the children of any friends or relatives staying with you. Babies count, too! Even if they're still in the hospital, as long as they were born on or before April 1, 2020, make sure the person completing the Census for your address includes them on the form.
